Date: 9th November 2022

Dear *Stakeholder,*

RE: NOTIFICATION ON e-CERTIFICATES

Further to our communication on CB Automated System in the letter referenced **KEBS/CER/1/2/Vol.14/219 of August 2022** and pursuant to KEBS digital transformation objectives, this is to notify you that KEBS CB Management System Certification process is now fully automated complete with **e-application, e-quotations, e-planning of audits, e-certificates and collaboration platform** among many key features.

Coupled with **remote audits** (available to you on demand), this is expected to enhance efficiency, effectiveness and productivity of the certification process and ultimately improve service delivery for our certified clients.

The purpose of this letter is therefore to notify you that effective from the date of this letter, we will no longer process manual certification applications and hardcopy certificates for **initial certification, recertification or transfer of certification**. All management system certificates shall be generated by the automated system and notified to you upon completion of the certification process.

Letters of **continued certification** shall also be generated by the automated system and notified to you upon completion of the surveillance audits process. Currently scheduled surveillance audits will however be administered outside the automated system until the expiry dates indicated in the current generation of relevant hard copy certificates.

Please register and submit all applications for **initial certification, recertification or transfer of certification** in the KEBS CB Automated System through the link <https://ims.kebs.org/> or visit KEBS Website and go to Certification Body pages to access a similar link.

Thank you in advance for embracing **e-certificates** and we welcome your feedback as you interact with the CB Automated System. For further assistance please contact Mr. Davis Kimutai of KEBS CB at kimutaid@kebs.org , mobile_ **0728008113**.

Yours *Sincerely,*

Samson Ombok
