1. RELATIONSHIP WITH THE PRINCIPAL TENDER DOCUMENT

Save where expressly amended by the terms of this Addendum, the Principal Tender Document shall continue to be in full force and effect. The provisions of this Addendum shall be deemed to have been incorporated in and shall be read as part of the Principal Tender Document.

2. CLARIFICATIONS HAVE BEEN SOUGHT AS FOLLOWS:

	QUESTION	ANSWER														
1.	<p>Mandatory Requirement No. 11 Must Attach a Valid Telecommunications Contractor License from Communication Authority of Kenya (CA) (To be Verified)</p> <p>Question: We have checked with Communications Authority of Kenya (CA) for Telecommunications Contractor License. Communications Authority of Kenya (CA) has said that this certificate is for Telecommunication Companies. We are a cyber security company, and the tender is also for SDWAN. Please clarify if I must submit this certificate?</p>	<p>We wish to clarify that this tender strictly covers the renewal of existing SD-WAN software licenses and support services for equipment that is already installed and operational. Since the scope does not involve any form of installation, upgrade, or modification of physical telecommunications infrastructure, a physical contractor license is not applicable in this context. As such, the requirement for a physical contractor license is excluded</p>
